Exempt from the moratorium are active licenses which are purchased for use in the same location. If the seller of the license never opened for business, under the moratorium the license is not deemed active. (2) With respect to the application for an On Sale Beer and Wine License at 822 Irving Street, the Board of Supervisors concurs with the recommendation of Captain Michael Yalon of the San Francisco Police Department that the request for a license be denied because it does not involve the transfer of an active license. If legal, the conditional use at point of operator change should be included in the legislation. If this is not possible to enact immediately, is it possible to enact after an amortization period? ### Requests Granted

By Supervisor Yaki, that letter be sent to the General Manager, Municipal Railway, requesting information on their policies and procedures for identifying avoidable accidents and for placing drivers on disciplinary action and how to determine what is the appropriate discipline for an avoidable accident.

By Supervisor Yaki, that letter be sent to the City Attorney requesting an opinion concerning what remedies are available to the Board of Supervisors regarding better labeling and signage on certain types of video games. The request comes in the wake of the tragic shooting rampage in Littleton, Colorado. There are reports that the two teenage gunmen were avid players of certain extremely violent video games. Does the Board of Supervisors have the ability to help raise the level of consciousness for parents and other adults who buy such games for young people on how these games may impact kids who play them.

By Supervisor Ammiano, that letters be sent to the Director of Public Health and Director of Human Resources notifying them a hearing to consider the escalating costs of enrollment in health care plans has been introduced and referred to the Finance and Labor Committee of the Board of Supervisors.

By Supervisors Brown, Bierman, that letter of inquiry be sent to the General Manager, Recreation and Park Department, concerning development of a frisbee golf course, to determine what date the citizens of San Francisco can anticipate as the opening day.

By Supervisor Katz, that letter be sent to the Director, Department of Technology and Information Services and the Committee on Information Technology requesting that each research and evaluate the feasibility of a portal web site, connected to CitySpan, which would showcase San Francisco, via the Internet, and promote our status as the interactive leader across the globe. The goal of this web site would be to market San Francisco as the premiere city of choice for businesses nationally and internationally. Yahoo! Internet Life magazine recently named San Francisco the nation's most wired city for the second year in a row. This award is a tribute to the City's tech-savvy citizens and the City's new media sector, which continues to flourish. Unfortunately, the award does not speak to the City's Internet presence itself, which lacks the status of cities such as New York, Austin, and many other cities that are competing for jobs and business. The new site will not replace the current CitySpan site, which is a great site for City services. Rather, the new site will promote, attract and retain businesses in San Francisco and link directly to CitySpan. This project could also provide an exciting public/private partnership opportunity between the City and the members of the interactive business community sharing knowledge and expertise.

By Supervisor Katz, that letter be sent to the members of the Appropriations Committee of the State Assembly reiterating the Board's support of Assembly Bill 222, the Dignity for All Students Act and urging the legislature to pass the bill and the Governor to approve it.

By Supervisor Kaufman, that letter be sent to the City Librarian, Regina Minudri, who is at UCSF Hospital expressing the thoughts and best wishes of the Board for a speedy recovery from her recent stroke.

By Supervisor Kaufman, that letter be sent to the San Francisco School Board members encouraging the Unified School District to work with Department of Parking and Traffic to improve the City's school crossing guard program. The Board's Budget Analyst has found the need for greater oversight of crossing guards as well as improved recruitment and retention of staff in the program. The Supervisor asks that the Unified School District assist the City in solving the current deficiencies in the program before the start of the new school year this fall.

By Supervisor Newsom, that letter be sent to the Director, Department of Parking and Traffic, asking what measures it is taking to address the anticipated increase in traffic surrounding the Presidio, given the Presidio Trust's plans for development. In addition, strongly urging the Department to coordinate with the Trust around this issue and to be present at future planning meetings hosted by the Trust.

By Supervisor Newsom, that letter be sent to the Police Chief and the Police Department Taxi Detail requesting statistics on the number of taxi drivers who have been arrested for assault or violent behavior during the past five years. In addition, asking if the Taxi Detail could perform a more rigorous background check and/or ongoing or updated check to investigate the criminal or violent background of potential drivers.

By Supervisor Newsom, that letter be sent to the City Attorney requesting preparation of a resolution to place a stop sign at the intersection of Broderick and Union Street.

By Supervisor Newsom, that letter be sent to the Taxi Commission, with a copy to Marianne Costello, c/o Scoma's Restaurant, Pier 47, San Francisco, asking if the report on taxi driver safety being heard in the Commission on June 8 could be expanded in scope to include the topic of passenger safety.

By Supervisor Becerril, that letter be sent to the General Manager, Department of Public Transportation regarding whether or not the use of Automatic Vehicle Locators on MUNI trains and buses will improve the response time when a MUNI driver or operator calls in to report a medical emergency or criminal activity. Further, what is the potential use of the NEXT Bus system in locating vehicles during a medical emergency or criminal activities on MUNI trains and buses.

By Supervisor Becerril, that letter be sent to the General Manager, Department of Public Transportation regarding existing procedures used during emergencies on MUNI trains and buses. The report should address the following: 1) Current procedures for operators and drivers when reporting medical emergencies and criminal activity; 2) Elapsed time between when an operator or driver reports an emergency or crime in progress and when notification of police, fire and/or other emergency personnel occurs; and 3) Use and installation of silent alarms in trains and buses.
